Nature of the Token Documentation: The Token Documentation is a conceptual paper that articulates some of the main design principles and ideas for the creation of a digital token to be known as #WSTFX. The Token Documentation and the Website are intended for general informational purposes only and do not constitute a prospectus, an offer document, an offer of securities, a solicitation for investment, any offer to sell any product, item, or asset (whether digital or otherwise), or any offer to engage in business with any external individual or entity provided in said documentation. The information herein may not be exhaustive and does not imply any element of, or solicit in any way, a legally-binding or contractual relationship. There is no assurance as to the accuracy or completeness of such information and no representation, warranty or undertaking is or purported to be provided as to the accuracy or completeness of such information. Validity of Token Documentation and Website: Nothing in the Token Documentation or the Website constitutes any offer by the Company, the Distributor, or the

WSTFX Project Contributors to sell any #WSTFX (as defined herein) nor shall it or any part of it nor the fact of its presentation form the basis of, or be relied upon in connection with, any contract or investment decision. The Terms and Conditions must be read together with the Token Documentation. In the event of any inconsistencies between the Terms and Conditions and the Token Documentation or the Website, the Terms and Conditions shall prevail.

- (e) you acknowledge, understand and agree that you are not eligible to participate in the distribution of #WSTFX if you are a citizen, national, resident (tax or otherwise), domiciliary and/or green card or permanent visa holder of a geographic area or country (i) where it is likely that the distribution of #WSTFX would be construed as the sale of a security (howsoever named), financial service or investment product and/or (ii) where participation in token distributions is prohibited by applicable law, decree, regulation, treaty, or administrative act (including without limitation the United States of America, Canada, and the People's Republic of China); and to this effect you agree to provide all such identity verification document when requested in order for the relevant checks to be carried out.

Notwithstanding the #WSTFX distribution, users have no economic or legal right over or beneficial interest in the assets of the Company, the Distributor, or any of their affiliates after the token distribution.

To the extent a secondary market or exchange for trading #WSTFX does develop, it would be run and operated wholly independently of the Company, the Distributor, the distribution of #WSTFX and the WSTFX Platform. Neither the Company nor the Distributor will create such secondary markets nor will either entity act as an exchange for #WSTFX.

WSTFX UTILITY TOKEN FOR NEXT GENERATION AI FX TRADING

Description

The WSTFX Platform is a platform built for foreign exchange (FX) enthusiasts and will feature an AI driven FX trading software.

The native cryptographically-secure fungible protocol token of the WSTFX Platform (ticker symbol #WSTFX) is an ERC-20 utility token based on the Ethereum network and is a transferable representation of attributed utility functions specified in the protocol/code of the WSTFX Platform, and which is designed to be used solely as an interoperable utility token thereon.

Token address:

0x7707650B744033589Ff89c1c0B0312690c392257

Token Function:

Medium of Exchange. #WSTFX is a functional multi-utility token which will be used as the medium of exchange between participants on the WSTFX Platform in a decentralised manner. The goal of introducing #WSTFX is to provide a convenient and secure mode of payment and settlement between participants who interact within the ecosystem on the WSTFX Platform without any intermediaries such as centralised third party entity/institution/credit. It is not, and not intended to be, a medium of exchange accepted by the public (or a section of the public) as payment for goods or services or for the discharge of a debt; nor is it designed or intended to be used by any person as payment for any goods or services whatsoever that are not exclusively provided by the issuer. #WSTFX does not in any way represent any shareholding, ownership, participation, right, title, or interest in the Company, the Distributor, their respective affiliates, or any other company, enterprise or undertaking, nor will #WSTFX entitle token holders to any promise of fees, dividends, revenue, profits or investment returns, and are not intended to constitute securities in Singapore, Hong Kong or any relevant jurisdiction. #WSTFX may only be utilised on the WSTFX Platform, and ownership of the same carries no rights, express or implied, other than the right to use #WSTFX as a means to enable usage of and interaction within the WSTFX Platform. The secondary market pricing of #WSTFX is not dependent on the effort of the WSTFX Project Contributors, and there is no token functionality or scheme designed to control or manipulate such secondary pricing.

In particular, #WSTFX will be used to pay for service fees when using the revolutionary AI driven FX trading software on the WSTFX Platform.

Loyalty Tiers - #WSTFX functions as a loyalty membership point which embeds a licence granting active participants exclusive access to selected products or services, so users will be classified into different loyalty tiers based on the amount of #WSTFX held, user activity, and/or volume of transactions. The premium membership tiers would allow users to get greater access to the ecosystem features and more preferential terms, for example certain premium functionalities, exclusive products/services, priority for events, or greater or more unique transaction rewards (users will still need to engage with the ecosystem to access these rewards).

In particular, users holding #WSTFX will be entitled to:

- take part in tiered affiliate marketing opportunities,
- take part in lucky draws,
- receive invites to special events based on their tiers; and
- tiered premium discount pricing based on their #WSTFX holdings when using affiliated company's regulated FX (Foreign Currency) Exchange Services.
